

Dual ear, noise-canceling headset for large deployments

The HD-150 is a dual ear noise-canceling headset that delivers great sound and has an adjustable headband to give you the right fit for all-day comfort. The dual speakers are ideal for those who need to give their full attention to calls.. The mic boom rotates 270 degrees so you can wear the HD-150 on either ear for the style that suits you, with technology that makes it the ideal headset for offices & call centres.
